Student Scholarship Recommendation Letter

To Whom It May Concern,

This is Samsung R&D Center Vietnam – one of overseas R&D center of Samsung Electronics in Vietnam.

We are writing this letter to recommend **Nguyen Phuc Nguyen** for the Undergraduate scholarship program at your University.

Nguyen Phuc Nguyen is a 12th grade student in Hanoi – Amsterdam High School for the Gifted. He is majoring in informatics and is planning to obtain his High School Diploma in up-coming July, 2026.

He also successfully joined and participated in the **Samsung Science and Technology (S.S.T) Membership Program** as an official member. S.S.T Membership is a program to support and help global outstanding students to flourish scientific & technological talents. This program started in 2023 supported by Samsung Electronics Co., Ltd. During the program, he had shown superior intellect and demonstrated excellence in almost every aspects, not only in training but also in contests conducted as a member of S.S.T Membership Program.

Having mentioned all of the above, we are certain and proud to recommend **Nguyen Phuc Nguyen** as a perfect fit for the scholarship program.

Thank you and Regards,

Samsung R&D Center Vietnam

PRESIDENT SUK JI WON
